

# Advanced Photography Locations to Shoot

*You will use this list to inspire some of your photographs. We all know there is nothing super exciting about photographing in the school, so let's take our cameras out into the world!*

**You will need to choose 1 area from each of the subcategories, take 12 photos or more at each location. Think about the types of photos you should take, mix in close up shots with further away shots. Take a few shots using a worm's eye view or bird's eye view. Try to get YOUR voice into the photo!**

## **Local Cafes - Photograph & edit photos from here by February 23, 2023**

*In this category you are to shoot/capture the daily grind, literally. Can you get the workers actively grinding coffee? Can you shoot people hanging out enjoying their morning fuel? Can you capture the feeling of being in a quaint local coffee shop?*

- Divi Tree
- Rook
- Green Planet
- Port Coffee
- Batch
- Noon

*We will critique these images on February 24 & 27th in class*

## **Meaningful Places & Spaces - Photograph & edit photos from here by March 9, 2023**

*In this category you are to shoot/capture meaningful moments. Whether you are at a sports practice, a band rehearsal, a friend's basement, or just a corner of your room reading, capture meaning through the people you are with or the space you are in.*

- Your House
- A friends house
- Gym
- Sports Complex/Dance School/etc.
- Where you work
- Boat/vacation space
- Future college

*We will critique these images on March 10 & 13th in class*
